A one-of-a-kind children's theater, Connor's Cove is Tulsa County's destination for high quality children's and teen programming. Opened in September 2008 to rave reviews, Connor's Cove features theater seating for 420. This unique theater was designed to promote a love of books to children, teens and families in a fun, informative way by providing FREE performances for area young people. These performances encourage audience members to discover the joy of reading through live productions including music, storytelling, author visits, puppet presentations, fun nature and science presentations, historical reenactments and more.

Since its inception, Connor's Cove has entertained and educated thousands of children, teens and families. Program sets range from 45 minutes to one hour. Artists and performers are chosen on their ability to engage the imagination, foster creativity, and impart the joy of learning and reading. After enjoying the performances, many families stop by the children's department and pick up an armful of books to continue the adventure at home.

WHAT THE COMMUNITY IS SAYING ...

"On behalf of Briarglen Elementary, I would like to extend our gratitude for the opportunity you provided for our students to attend a field trip at Connor's Cove. Events like this are paramount for our children to experience life outside the confines of the neighborhood. No doubt this was a monumental undertaking, but be assured the impact on the students is equally as monumental."

– Tamra Bird, Briarglen Elementary principal

"I've traveled all over Oklahoma performing for kids, so I can say this: Connor's Cove is hands down the best performance venue for children in the state. It's just the right size – large enough to seat a good crowd but small enough to feel intimate. The lighting is spectacular. The acoustics are spectacular. The design is perfect."

– Monty Harper, award-winning children's songwriter
